

"Eskoleia AS is a non-profit organization in the service of the community, mainly offering vocational rehabilitation. Our mission is to assist people get employment, a permanent job. Therefore Eskoleia strives to be the best on job-related guidance and development of people! We achieve this through successful interaction between our supervisors, users and the people staffing our training venues.

We have three business segments: Eskoleia Personalutvikling (department for vocational rehabilitation), Eskoleia Barnehage (kindergarten) and Eskoleia Stål (steel factory).

The kindergarten and steel factory are ordinary businesses run by Eskoleia, representing great training venues where our users can practice real work.

Eskoleia Personalutvikling organizes our vocational rehabilitation users and activities, in addition the department runs internal training venues like printing, fruit distribution, building service, canteen etc.
